The image shows a stylized logo for the word "VERSO". The word is written in a bold, grey, sans-serif font in the center. To the right of the word is a large, stylized letter "V". The "V" is composed of two main vertical strokes and a curved top. The left vertical stroke of the "V" is outlined in green, while the right vertical stroke and the top curve are outlined in red. To the right of the "V" is a speech bubble shape, also outlined in green, with a red circle inside. The entire logo is enclosed within a red outline that follows the shape of the "V" and speech bubble. This red outline is itself inside a larger blue outline that has rounded corners and a decorative, scalloped edge on the right side. The background is white.
