

A technical drawing of a rectangular plate with rounded corners. The drawing is enclosed in a blue outer border and a green inner border. In the center of the plate is a circular hole. Below this central hole, there are two identical side holes, each with a rounded rectangular shape and a small circular hole in its center. The word "FRENTE" is written in bold, grey, uppercase letters across the middle of the plate.

FRENTE

FRENTE
Máscara de Verniz
na cor Magenta

The image shows a technical drawing of a mask. It features a central circle at the top and two rounded rectangular shapes at the bottom, each containing a small circle. The drawing is enclosed in a green border, which is itself inside a blue border. The text is centered and reads 'FRENTE', 'Máscara de Verniz', and 'na cor Magenta'.

The diagram shows a PCB mask layout on a white background. It features a central text block and three circular features. The text is in a bold, grey, sans-serif font. The circular features are defined by red outlines. The entire layout is enclosed within a green rounded rectangular border, which is itself inside a blue rounded rectangular border.
